

Victim Services

If you are a victim of an assault, theft, criminal mischief, domestic violence, lewdness or any other violent crime you are not alone.

We are here to help every victim and every family member get the services they need; we want to treat every case as a chance to help diminish the impact of crime in the community and to remember that every victim is a person with unique needs.

Our victim services program is here to help you understand the criminal justice system, help you identify helpful community resources, make a claim for restitution, file a protective order or civil stalking injunction for your protection, file for assistance for Crime Victims Reparations, and assist you thorough the entire court process.

If you have been the victim of a crime, contact Roy City Victim Advocate Nicole Daugherty at 801-940-1607.
