

CONSTRUCTION SPECIFICATIONS

13-6-1: INSPECTION REQUIRED:

- A. Required Inspections. A footing and final inspection shall be required for all signs requiring a permit.
- B. Re-inspection. A re-inspection may be required of any sign upon primary inspection was not built in complete compliance with the regulations of this Title or applicable International Building Codes.

13-6-2: BUILDING CODE COMPLIANCE:

All signs shall comply with the appropriate detailed provisions of the International Building Code, as amended relating to design, structural members, and connections. All metal, wire cable supports, and braces shall have engineering provided by an engineer licensed in the State of Utah. Signs shall also comply with the applicable provisions of the Electrical Code of Roy City and the additional construction standards as set forth in the Title.
