

# What is CodeRED?

The Public Safety Agencies of Weber County are using CodeRED, a high-speed mass notification system to keep you safe in the event of an emergency. The system allows us to deliver emergency messages to you via phone call to your landline or mobile device and through text and email. You will know you have received a CodeRED alert when the number **866-419-5000** appears on your caller ID. If you missed any message details, you can always dial the toll-free number back, as many times as needed.

## Sign-up Your Cell Phone to Recieve CodeRED Mobile Alerts

**Did you know that it is free to sign up your cell phone for CodeRED?** It is also very important to do, because if your contact information is not in the database, or if you do not have a landline phone in your home, then you will not receive alerts if an emergency were in your area.

Our alert system utilizes telephone numbers that are landline based. If you do not have a land line telephone, you will not receive a notification. By registering your cell phone, the mapping program will geographically code your cell phone to the address of your residence, or work location. You will be able to tell the map, where you want your cell phone to be tied to.

Follow this simple step to register for CodeRED:

### Go to:
