I have lived in Roy for 61 years. Roy is where my husband Bruce and I have raised 4 children. Most of whom still reside in Roy raising their own children.

I have worked at Roy High School as an administrative assistant for 10 years. I have also owned and managed a successful home business for the past 30 years. While doing so, I have made many important business contacts that will benefit the future development of Roy City.

I have been involved in many PTA positions in our local schools and in Roy Recreation as a player and as a current coach. My husband and I were the presidents of the Roy High School Booster Club for 11 years where we were heavily involved in soliciting donations and volunteers for the Roy Days Breakfast and other activities.

It is my goal to bring more sustainable businesses to Roy that would make the city a more welcoming place for people to live and do business.

I love Roy City. My goal is to work together with city leaders and residents. I'd like to help boost the city economy, see the beauty of Roy return, and help plan future growth.
