Hello! I am Diane Wilson and I would like to introduce myself.

- Lived in Roy 36 years
- Business owner and physician in Roy 25 years in urgent care and family medicine
- Performed music locally, interstate and internationally
- Volunteer: church, music performance and education, at-risk youth organizations
- Hobbies: music, peach farming, horse riding, camping, continuing education, service
- Listening is a hallmark of my profession and personality
- Dedicated to family, friends, community, and upholding principles of integrity
- City government should:
  - Provide essential services
  - Create atmosphere of involvement and cooperation, NOT us (city) vs. them (citizens)
  - Serve citizens, not vice versa
  - Allow citizen success by providing non-restrictive environment
  - Be respectful of citizens' time, resources, finances
- My perspective of city government will be as a citizen (not a politician)
- I can be of service using my professional skills and experience to address city issues (i.e. physician, business development and management)
- Current issues: economic development, taxes, traffic, citizen representation

I am committed to listen, research/study issues and follow through. Thank you for your support to allow me that privilege.
