

City of Residence: Roy

Resident For: 20 years

Occupation: Fleet Operations Manager

Age: 46

Contact Email: joepaulforroy@gmail.com

Message:

My wife and I have lived in Roy for 20 years and are raising our four children here. We love Roy and are very active in community, school, and church. I graduated from WSU and manage a multi-million-dollar fleet operation. I was on the Roy Planning Commission for 6 years before being appointed to the City Council, where I have been actively involved for 18 months.

I am running to continue my commitment to the community of Roy to maximize public services, increase sales tax revenue, minimize residents' taxes, and promote Roy for economic development. I represent my fellow citizens by providing open, transparent communication through a variety of avenues including social media.

I am one of two council members on the Economic Development Committee, which facilitated the emergence of 16 new businesses in 18 months. We created the successful Small Business Loan Program, approved the expansion of Intermountain Roy Clinic, and the redevelopment of Harmons Market Place and Roy City Centre. I am the founding City Council liaison for the Business Advisory Committee which will streamline business growth.

Roy is a great place to live, work, and play. Together we can continue to improve our community for future generations.
